

Mike Huth

Projects Director

Mike is a seasoned project management and logistics professional with over 25 years of experience, managing parallel projects in Africa.

As Projects Director, Mike leads all the Group's contracting business cluster projects across all sectors: Power & Infrastructure, Oil & Gas, Mining and Renewables. His extensive experience in the industry enables him to manage projects up to EPC of USD 52M, with a high focus on healthy, safety (HSE) and environment and quality assurance and quality control management (QAQC), ensuring delivery of projects up to international standards.

Throughout his career, Mike held various senior leadership roles across various industries in Africa and successfully led the completion of major projects, including the construction of over 2,000km of roads in South Sudan, the construction of over 200MW of Geothermal Power and managing sites with up to 1,550 staff.

Holder of a BTEC Higher National Diploma in Agricultural Engineering from Rycotewood College (UK), Mike believes in people, leading and uniting teams to successfully reach a common goal. If not on site, you will find Mike traveling the world to discover new cultures or training for the next triathlon.
